FISHING UP THE ATLANTIC CABLE.

The following narrative is from Mr. Dudley, a gentleman who accompanied the expedition, and was on board the Great Eastern during the time of fishing up the old cable, and will doubtless be read with interest:

"For nearly three weeks—from August 12th, when we reached the grappling-ground in mid-Atlantic, until September 1 had hope and disappointment alternated in the hearts of those who, hovering like the falcon above the quarry, watched and waited to secure the prize that lay 4000 fathoms deep below. The claws of grapnel after grapnel had felt along the dark bed of the ocean in search to grasp the truant rope; and on one memorable occasion they not only secured the treasure, but held it firmly until the eyes of those who eagerly hung over the bow bulwarks saw the veritable cable dragged slowly out of the water, giving for once and all (even had no subsequent triumph been won) the *coup de grace* to all the doubts, the questionings, the denials, the scientifically irrefragable proofs that to expect ever to raise the lost cable to the surface was to look for the workings of an impossibility. The cable had been seen, *but* it had been again lost. The huge ship, though under most skillful handling, and obedient as she had proved to the directing hand of her ever-watchful commander, had been the sport of unaccountable currents, driving her just where she was not wanted to go. The elements had been adverse, and the mighty sea had so tossed and foamed as to render vain all efforts to continue the work; and still had Canning and Anderson hoped, almost against hope, that a more propitious time might come; that, late in the season as it was, we might yet be favored with calmer and brighter weather, were it but for a day or two. 'Weather—calm weather,' that was the hope-word. And well was their indomitable perseverance rewarded. That day or two was given; for on the last day of August the sun shone out; the pulse of the ocean, though still beating high, was rapidly calming down; the wind was lulled; and as the grapnel went down, bright and high hope followed.

"No need to write now how during that and the following day this hope trembled, fluctuated, rose, became assured, and found its climax in certainty; that story is unknown, though it would be indeed difficult for any description to convey a full idea of the anxious watching for the appearance of the cable on the night of September 1st. A hope almost painful in its intensity seemed to be felt by all, as from midnight until two o'clock the bows of the great ship were filled with earnest eager faces; her forward bulwarks alive with gazers seeking to pierce the darkness of the shadowy sea below; the long, ceaseless swell sometimes revealing more of the straining grappling rope as it dragged its slow but sure length over the bow sheave, and so along over V wheels and past the recording dynamometer to the huge drums that were so well formirg their Titan task. Slowly but surely it came on, and as the wire grapling rope was succeeded by the strong chain upon which hung the grapnel, truly the interest was breathless, one's heart seemed in one's mouth; scarcely a sound was heard from the entranced watchers; the rapid words of command from Captain Anderson, far forward by the wheels sounded clear and sharp in the night air and as the grapnel, holding with a vice-like grasp the lost treasure, emerged still more slowly from the long rolling waters, it was in almost whispered eagerness that the words passed from mouth te mouth, 'It is there! It is there!' We were restrained, perhaps, by recollection of the former time when, on the 17th of August, the sight of the old friend called forth a ringing welcome of hurahs! or it may be that the solemn night and the half-revealing, half-concealing mystery of moonlight made unconsciously their quiet influence felt. And so we hung breathless, as it were, upon the cable's life, and a long hour it seemed, while the various and most necessary measures were taken for securing the cable by means of rope and chain-stoppers from which strong hawsers passed over the side V wheels in the bow. At length all was secured, and the cable freed from the grapnel, which, hauled in on the port side, was carried off past us by two sailors, though not without much examination and interest expressed for the faithful servant; and now the cable itself appeared over the centre wheel. How it was scrutinized by such light as the moon and ship's lamps afforded. How it was followed in its course along the platform toward the drums by many fond admirers! For my own part, with others, I made my way in accordance with an invitation from Willougby Smith, to the electricians' room ('the Test room,' to speak more technically.) Here, after another hours' preparation, during which time the cable had been carefully passed round the drums of the picking-up machinery and a sufficient length drawn in on board, the severed end was received. And now, in their mysterious, darkened haunt, the wizards are ready to work their spells upon the tamed lightning. Not 'unholy spells' are these, or secret; for, though the wizards' den is of but limited dimensions, they have not been averse to the presence of a few visitors. Mr. Gooch is looking on; Professor Thomson, be sure, is here, a worthy 'Wizard of the North;' Cyrus Field could no more be absent than the cable itself; I think, too, Canning, hard at work, as he is, forward in the ship, *must* have dropped in just for a moment; Clifford, Laws, Captain Hamilton, Deane, Dudley—all have in their several ways a great interest in every moment of Willoughby Smith and his brother (and able assistant) Oliver; and, when the core of the cable is stripped and the heart itself—the conducting wire—fixed in the instrument, and these two electricians bend over the galvanometer in patient watching for some message from that far-off land of home to which the great news had just been signaled; then the accustomed stillness of the test-room is even deepened; the ticking of the chronometer becomes monotonous. Nearly a quarter of an hour has passed and still no sign! Suddenly Willoughby Smith's hat is off, and the British hurrah bursts from his lips, echoed by all on board with a volley of cheers, evidently none the worse for having been 'bottled up' during the last three hours. Along the deck outside, over the ship, throughout the ship, the pent-up enthusiasm overflowed; and even before the test-room was cleared the roaring bravos of our guns drowned the huzzas of the crew, and the whiz of rockets was heard rushing high into the clear morning sky to greet our consort-ships with the glad intelligence.

"Then came the splicing of the recovered cable with that coiled in one of our tanks, and the very delicate operation of passing the cable round from the bow to the stern of the ship. This successfully accomplished, the order was given, 'Full speed ahead!' and we soon had our screw clear and the cable streaming out in the wake of the ship; and so, by eight o'clock in the morning (scarcely any one, I think, had 'turned in' that night) we were safely paying out again, and the ship's head was once more toward the shores of Newfoundland."

MEDICAL.

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS,

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

SEMI-WEKELY ENQUIRER.

SATURDAY, JANUARY, 19, 1866.

ANOTHER RADICAL TRIUMPH.—We learn by telegraph that Hon. James W. Nye, has been re-elected Senator by the Nevada Legislature by a vote of 32 to 25. Thus do the States where the people are blessed with means of early and reliable information take their stand on the side of Congress, ratifying, by their action the great principles of liberty as enunciated by that body, and administering merited rebuke to the apostate who occupies the Executive chair through accident, coupled with conspiracy and assasination. Accident, because of the all absorbing question of Union or Disunion, when Mr. Johnson was declaring his adherence to principles he did not truly endorse, and the public mind was so engaged as to prevent the real lovers of country scanning his acts and sincerity. Conspiracy was, during this time, busy at work forming plans by which to rid the Confederacy of the head and front—through the choice of the people—which opposed it; and assassination, in which it is supposed by many, Mr. Johnson was privy to, to enable him to become the head of the Government, and after his tortuous course, if these things be true, he has utterly failed to secure any respectable support from a people and a party he professed to be acting with.

Mr. Nye, by his consistent and straightforward course has proved himself worthy the great trust just placed in him in a second time. No man in the Senate has a clearer record as to party than he, and none of his associates can have more sincerity and honesty of purpose.

VETOED.—The District Suffrage Bill originated in the Senate of the United States, and passed both Houses of Congress, was sent to the President for his approval and received his veto. Congress then passed the bill over the veto and it is now a law. Mr. Johnson has one quality which is pre-eminent; persistency in his opposition to the will of the majority. He does not seem to learn by experience, but appears to accelerate his speed to destruction, and if possible, take the country with him. His attempt in this respect reminding one of the efforts of an ant to move a mountain.

PLEASANT PLACE.—We have just seen a letter from Meadow Lake in which the writer says he makes his ingress and egress to and from his house from the second story window, and that a family living just a short distance from his house are obliged to go out of their house at the sky-light and are then compelled to dig two or three feet to get out. In some of the streets the citizens enjoy communication by the aid of tunnels through the snow. The weather is not exceedingly cold, most of the dwellings being protected from the piercing winds by the snow.

LAW MAGAZINE.—We have received the first number of the *Pacific Law Magazine*, published in San Francisco, and edited by Nathaniel Bennett and John W. Owen. It is a monthly, containing about ninety pages of reading matter; essays on subjects connected with the law, decisions of the Pacific coast and other Courts, also those of the Supreme, Circuit and District Courts of the United States; with a complete list of the Judges, Clerks, Receivers, Registers and Marshals of the U. S. Courts in California, and the District, County and Probate courts. It is a valuable monthly for the profession, and deserves the fostering care of each member.

SACRAMENTO UNION.—The press of the State which are favored with an exchange of the Sacramento *Union*, are puffing it hugely for publishing the statistics of the year. It is not entitled to any *particular* credit, for the people pay for all they get of the *Union*, and, roundly, too. It costs us two dollars a month, and we expect to be furnished with two dollars worth of news, and what we buy, and pay for, we are entitled to, and no thanks to the seller for not palming off a stale worthless article, neither. The people pay for all the *Union* furnishes them.—*Chico Courant.*

Bishop's the man that butted the bull off the bridge.

A NEGRO, by the name of Isaac West, fired a loaded pistol amongst a gang of school-boys, last night. The weapon was loaded with bird shot, and four of the boys were wounded; one of them, Matthias McMahon, received a shot in the eye, which will destroy its usefulness.—*S. F. Dispatch.*

That negro has clearly showed, by his reckless viciousness that *he* is incapable of appreciating the blessings of freedom, and should have fifty lashes and be turned into a cotton patch the rest of his days.

KILLED.—Andy Johnson (not "my policy" Andy) was killed near French Coral, Nevada county, on Saturday last. Two men named John Napolean and Louis Castine, were arrested on Tuesday by Sheriff Gentry, as the murderers.

HAVE you got a cough or cold? if so, use Hall's Pulmonary Balsam, it is the best thing in use, without exception, and will cure a cold every time.

DETERMINED ON RUIN.

There is an ancient saying, old as the mythology of Greece, that "those whom the Gods wish to destroy, they first make mad." It seems as if the people of the South are determined in their own persons to present the latest and most complete illustration of the ancient proverb. They were insane enough at the beginning of the war when they buried the old flag in the streets of Memphis, to suppose that they would not only destroy the government and secure their independence with ease, but plant the Stars and Bars on Bunker Hill, and govern New England as a conquered province; they were insane enough to suppose when the war began that they would receive material aid from the northern Democracy, and that if coercion was attempted the streets of northern cities, to use the language of Ex-President Pierce, "would run with abolition blood;" they were insane enough to believe that England and France would acknowledge their independence and interfere by force of arms to uphold a government based upon an institution looked upon with horror, execration and loathing by the whole civilized world! they were insane enough to believe that the Democrats who assembled at Chicago, in 1864, were not practising deception, but told the truth when they declared that the people of the North were "tired" of the war, that it was a "failure," and that the salvation and existence of the Republic depended upon electing a worthless military bilk and contemptible political nincompoop to the Presidency, to the end that our Southern brethern might have peace on their own terms. In all these crazy expectations the South has been disappointed. Instead of carrying the Stars and Bars in triumph to Faneuil Hall, they are themselves a conquered people; instead of rallying to their aid as expected, and as some of their leaders promised, the Northern Democracy left them to their fate. England and France failed to render any aid except by piracy, and even the redoubtable McClellan so serviceable to them as a General, was not permitted to render them any aid as President. One would think that the past experience of the South would learn them to put little trust in Democrats or "princes." But they are still crazy enough to believe that Andrew Johnson can restore to them all their ancient rights which they have forfeited by treason, the greatest crime known to the laws. They seem to think that the President, by his own act, can re-habilitate the rebel States and breathe into their defunct, suicide carcasses the breath of life. O! what insanity is here! The American people, as Bancroft truly said, is the hero of the war. The people fought the battles; the people furnished the funds; and now the people, by the blessing of God, propose to secure some of the solid fruits of their victory. If the President is in the way of such a consumation he will be removed. If the Supreme Court interferes it will be taught that the principles of the Dred Scott decision will no longer be tolerated by an intelligent and respectable people. The merciful and honorable terms of reconstruction offered by Congress have been rejected by every Southern State. No other terms will be offered! Congress proposes now to reconstruct on the territorial plan. That plan should have been adopted in the first place. It is the only plan consistent with the safety of the loyal men of the South and the interests and welfare of the whole country.

LOCAL PAPER.—The following truthful remarks we take from the Chicago *Republican:*

"Whether the people will it or not, the local paper is their representative abroad, their ambassador in foreign parts, by which they must be judged.—Let them, then, take a patriotic interest in giving it news, co-operation and patronage. Like every other duty performed, it will pay in the long run."

The above is not only applicable to Chicago, but will apply with equal force to every other locality. Our friends will theref see the necessity of fostering their paper. A paper that displays to the distant reader crowded columns of home advertisements, reflects in proportion the business capacity and standing of the community. The people of Dutch Flat, we hope, will consider this matter in its proper light. By advertising their wares they not only invite persons to trade with them by letting them know what they have for sale, but increase the business importance of the town. Again; some think that it is a business tack to advertise only in papers that reflect their peculiar political sentiments; this would probably be policy, provided the merchant wished to trade only with members of his own party; but we fail to remember a single instance during a residence in this State of nearly eighteen years, where a Democrat did not desire the patronage of an Abolitionist, and *vice versa*. Be assured, if your local paper is not what you would have it, in point of literary ability, it is the fault of the community in not bestowing that patronage which would enable the proprietor to employ such assistance as would make it all you desire.

IN Great Britain there are 150,000 English and 100,000 Scotch Masons. Ireland has 50,000; in all the world there are 1,250,000.

A YOUNG lady named Nathan, and sister-in-law of B. Gad, was drowned in a well at Grass Valley one day this week. It appears she got up about six o'clock in the morning, and left the house through a window, went to the well, and either fell or jumped into it, and was drowned before assistance could be rendered.

SEMI-WEEKLY ENQUIRER.

TO PRINTERS.—A good compositor, of steady habits, can obtain permanent employment by applying this office, immediately.

THE Mite Society will meet at the Dutch Flat Theatre, on next Tuesday evening, January 22d, 1867. All are invited to attend.

This Society is formed of about all the marriageable young ladies in our town and has been in successful operation for nearly two weeks. They hold their regular meetings, as will be seen above, every Tuesday evening. We are told that their sessions are short, and at the close of every meeting a dance is improvised when the male portion of humanity, who are present, are allowed to participate. These gatherings are very sociable and pleasant, those attending never fail to leave without being impressed with the desire to go again.

APPRECIATED.—We desire to return thanks to Messrs. Strong & Bailey, dealers in drugs, medicines, groceries, liquors and provisions in this place, for a magnificent gutta percha pencil and pen holder. These gentlemen have more of the same sort which they offer for sale at a reasonable price. Every man, woman and child in the place ought to be provided with one.

THE Firemen of this place are making preparations to give a Ball, February 22d.

THE trial of Mollie Trussell for the murder of George Trussell ended on the 16th of December, in a verdict of guilty of manslaughter. Sentence, one year's imprisonment. The District Attorney only claimed a verdict of manslaughter. The trial was generally considered a farce. The prisoner appeared in Court in deep morning, and shed tears plentifully.

DIPHTHERIA.—As this distressing disease occasionally visits our community, and generally proves quite troublesome among the little folks, we clip the following remedy used by an eminent French physician, it is said with almost instant success: "Take a number of lemons, squeeze the juice into a glass, and gargle the throat with it, at the same time swallowing a little of it." This remedy is simple, and may be the means of saving the lives of your little ones if applied in time. Mothers, remember it.

FACTS VS. THEORIES.—Give me a place to rest my lever on, says Archimedes, "and I will move the world." "Give me pure and unadulterated drugs," says Medicus, of the olden time, "and I will cure disease."

In one sense, both of these learned pundits were the veriest charlatans. They knew there was no place to rest their lever on, either to move the world, or to cure disease. Mechanism was in a backward state, and the medical profession was but another name for sorcery, and all the adjuncts of magic filters and charms of the "evil eye."

But these latter days have borne unto us something more than superstition and its crew ever dreamt of, in their maddest philosophy. In these days of practical science, what was theory yesterday, is fact to day and all the old time notions become as bubbles in the sun, and burst and break with every breath we draw.

Let Archimedes shoulder his lever, and we will find a resting place for it to move the world. Let mine ancient Medicus pant and toil no more for the drugs he so sorely needs, for we have them at our hands, ever ready to serve them at his beck.

Refined in the labratory of Dr. Maggiel, the finest materials known in the medical profession are obtained by any one. His billious, dyspeptic, and diarrhœa pills stand unrivalled, and his salve operates with magical effect upon burns, scalds, and all sores and ulcers of the skin.

In fact, we think Maggiel's pills and salve are the wonder of this century, and we are happy in the thought that many others of our brethern of the craft agree with us. We would earnestly connsel that all families provide themselves with Dr. Maggiel's preparations at once, and keep them ready at hand, so as to use them at the most opportune time, and as occasion requires.—*Valley Sentinel.*

Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and heatlh of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses on feeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc.; and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœa, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
E—— H——.

Seminal Weakness—A Sworn to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured, place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures that leave the poison to crawl through the system, eating its way into the tissues and organs beneath, the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness, Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no resort except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult; without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by etter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
